# Hoffa Is Elected **To Head Teamsters**

# Will Take Over Beck's Post **Immediately**

Senate Probers Subpena Records of Credentials Committee

MIAMI BEACH (P)—The scandal scarred Teamsters Union elected James R. Hoffa as its new president today and immediately faced a Senate Labor Rackets Committee investigation on the legality of the balloting.

While the final Hoffa votes still were being tabulated, a subpena was served on the union's credentials committee demanding all records used in screening delegates to the convention.

The Senate Committee earlier had indicated it felt that more than half of the 1,753 delegates were not legally qualified to be seated at this week's gathering.

In Washington, AFL-CIO officials said the Teamsters voted themselves right out of the merged labor organization by electing Hoffa

They were confident that the AFL - CIO executive council will recommend expulsion of the Teamsters at the council's Oct. 24 meeting in New York. They also believed the federation's national convention will accept the recommendation in December and kick the Teamsters out.

Christ did not speak his own words, nor did he perform mighty works himself, it was God's words he spoke and God's miracles of healing performed through him by the Father. He said he was the first born of many brethren. Paul did mighty works because he said it is no longer I that live but Christ that dwelleth in me. All we need do is say COME IN, to him that stands at the door and knocks.

The coming battle is heightened by the fact that New York, Pennsylvania, Massachusetts and Connecticut are among the 21 governors now Democratic, while California and Ohio are on the list of 13 presently in GOP control.

Hence the prizes are big, and the potential impact on the 1960 presidential contest could be very

heavy. With prospects of their seizing Congress none too bright. Republicans will be very much on the aggressive in the governorship matches, not only in the big states but in such usually Republican but now Democratic reaches as Maine, Iowa, Kansas and Oregon.

Consequently, whatever happens in the congressional races, the items on the barrel head in the governorship field make it certain that the 1958 elections will be lively, hard-fought affairs.

### Volcanic Island Rising In Sea In the Azores

ANGRA DO HEROISMO, Azores (P) - A volcanic island was being born in the sea near here today to the accompaniment of violent explosions and the prayers of frightened people.

The island, shrouded in whitish yellow volcanic ash and sulphurous fumes, has risen about 120 feet above the sea and is nearly 1,000 feet in diameter. Each hour its size increases. The sea there is 40 fathoms deep.

The island is 70 miles west of Angra Do Heroismo and only a few hundred yards from Faial Island, whose 25,000 residents fear they will suffer the fate that befell Pompeii.

And you'll have to pardon Gen eral Manager Frank Lane of the St. Louis Cardinals if he says, "I told you so" because Lane singled out the 205-pound native of Laurinburg, N. C., as a Milwaukee "sleeper" before the Series got underway.

The 25-year-old Covington will go into the third game of the Series Saturday as the Braves' leading hitter with a .500 average and also has made the outstanding defensive play of the Series—his clutch back-handed grab of Bobby Shantz's liner in the second inning of Thursday's 4-2 Milwaukee vic-

point of the game," said Milwaukee manager Fred Haney. "The Yankees would have been in front, 3-1, if he hadn't made it and the whole complexion of the game would have been changed."

The irony was that the Yankees confidently expected Covington to be a liability to the Braves in the Yankee Stadium's vast and tricky sunfield. Better fielders than Covington have had their troubles

out there in Series competition. The fact is that Covington's catch was generally comparable to the one Brooklyn's Sandy Amoros made to save the seventh game of the 1955 Series. Covington did not have to run as close to the foul line as Amoros did but Shantz's ball was a liner while Yogi Berra's 1955 drive was a well to date, winning two in three

CHARLES F. CARPENTIER Secretary of State

With school back in session, many parents can expect their children in high school to ask for the family car for a picnic, a football game or a dance. As much as the parents may wish to grant the request of the youngsters they must remember that it is illegal for a person to drive a motor vehicle if he is under the age of sixteen. This, of course, includes motor scooters.

No person under sixteen years of age may obtain a driver's license except under a few hardship circumstances

It also should be known by par ents that youngsters who have obtained an instruction permit, during the period they are attempting to qualify for a driver's license, may not drive a vehicle upon the highways unless accompanied by a licensed operator or chauffeur who has had at least one year of driving experience and who is occupying a seat beside the driver (Sec. 16 (a) Driver's Li-

ILLINOIS STATE-WIDE PUBLIC HEALTH COMMITTEE MEETING HELD AT SIU

The 13th annual meeting of the Illinois State-Wide Public Health committee was held at the Southern Illinois University, Carbondale, on Sept. 27.

Members of the Egyptian Health Department attending the meeting were Dr. James H. Wells, director, Mrs. Mable Grumley Burton, nursing supervisor, and Guy J Hunter, health educator.

Dr. Roland R. Cross, Director of the Illinois Department of Public Health, spoke during the luncheon meeting held in the University Cafeteria banquet room. He termed the local full-time health department the "best instrument of government" to deal with many public health problems. Delyte Morris, Southern Illinois University president, welcomed the Public Health group preceding the luncheon meeting. Following the remarks of Dr. Cross, the president of the Illinois State Medical Society, Dr. Lester S. Reavley, gave an address. Dr. Reavley pointed out that the Medical Society supported the work being done by the Health Department.

Mrs. Burton, nursing supervisor of the Egyptian Health Department, was a member of a discussion group. She participated in a discussion of "The Team Approach to Public Health Problems." The group consisted of > full-time county health department staff; the health officer, the public health nurse, the sanitarian. the health educator and the public health dentist. Mrs. Burton represented the public health nurse and explained how the nurse fit into the public health pattern

A general session was held in the library auditorium during the morning. A panel discussed "The Full-Time County Health Department as a Factor in Meeting Present and Changing Public Health Needs in Illinois.
